Use by credit reference and fraud prevention agencies

In order to process your application, we will perform credit and identity checks on you with one or more credit reference agencies (CRAs). To do this, we will supply your personal information to CRAs and they will give us information about you. This will include information from your credit application and about your financial situation and financial history. CRAs will supply to us both public (including the electoral register) and shared credit, financial situation and financial history information and fraud prevention information. When CRAs receive a search from us they will place a search footprint on your credit file that may be seen by other lenders.

We will use this information to:

- assess your creditworthiness and whether you can afford to take the product you have applied for;
- verify the accuracy of the data you have provided to us;
- prevent criminal activity, fraud and money laundering;

- manage your account(s);
- trace and recover debts; and
- ensure any offers provided to you are appropriate to your circumstances.

We will continue to exchange information about you with CRAs while you have a relationship with us. We will also inform the CRAs about your settled accounts. If you borrow and do not repay in full and on time, CRAs will record the outstanding debt. This information may be supplied to other organisations by CRAs.

If you are making a joint application, or tell us that you have a spouse or financial associate, we will link your records together, so you should make sure you discuss this with them, and share with them this information, before making an application to us. CRAs will also link your records together and these links will remain on your and their files until such time as you or your partner successfully files for a disassociation with the CRAs to break that link.

The identities of the CRAs, their role also as fraud prevention agencies, the data they hold, the ways in which they use and share personal information, data retention periods and your data protection rights with the CRAs are explained in more detail at www.experian.co.uk/crain (please note that the Credit Reference Agency Information Notice is the same for each of the CRAs).

Automated decisions and profiling

As part of the processing of your information, decisions may be made by automated means.

Your information will be used to assess your credit risk using an automated decision-making technique called 'credit scoring'. Various factors help us to assess the risk; a score is given to each factor and a total credit score obtained, which will be assessed against a confidential pre-set pass score.

In regard to fraud prevention checks, this means that we may automatically decide that you pose a fraud or money laundering risk if:

- our processing reveals your behaviour to be consistent with money laundering or known fraudulent conduct, or is inconsistent with your previous submissions; or
- you appear to have deliberately hidden your true identity.

You have rights in relation to automated decision making: if you want to know more please contact us using the details above.

If we, or a fraud prevention agency, determine that you pose a fraud or money laundering risk, we may refuse to provide the services and financing you have requested or we may stop providing existing services to you.

A record of any fraud or money laundering risk will be retained by the fraud prevention agencies, and may result in others refusing to provide services, financing or employment to you. If you have any questions about this, please contact us on the details above.

Data anonymisation and use of aggregated information

Your information may be converted into statistical or aggregated data in such a way as to ensure that you are not identified or identifiable from it. Aggregated data cannot be linked back to you as a natural person. It might be used to conduct research and analysis, including to produce statistical research and reports. This aggregated data may be shared in several ways, including with our group companies* and Volvo Car Financial Services UK Ltd.

Retention of your information

If your application for a contract hire agreement is declined or if your application is accepted but you do not proceed, we keep your information for 6 months or as long as necessary to deal with any queries you may have. If your application is accepted and you proceed, we hold your information for 7 years from the date at which your agreement is closed, where settled by you or upon default or as long as necessary thereafter to deal with any queries you may have.

Credit reference agencies will retain the account information that we give to them for 6 years after your account is closed (please see 'Use by credit reference agencies' for more information about the information that we give to them).

Fraud prevention agencies can hold your information for different periods of time, and if you are considered to pose a fraud or money laundering risk, your information can be held for up to 6 years.

We may hold your information for a longer or shorter period from that described above where:

- the law requires us to hold your personal information for a longer period, or delete it sooner;
- you exercise your right to have the information erased (where it applies) and we do not need to hold it in connection with any of the reasons permitted or required under the law; and
- in limited cases, the law permits us to keep your personal information indefinitely provided we put certain protections in place.

Transfers to third countries/ where we store your information

We store your information on servers located within the European Economic Area (EEA). The third parties listed under 'Disclosure to and use by third parties' may be located outside of the EEA or they may transfer your information outside of the EEA. Those countries may not have the same standards of data protection and privacy laws as in the UK. Whenever we transfer your information outside of the EEA, we impose contractual obligations on the recipients of that information to protect your personal data to the standard required in the UK. We may also require the recipient to subscribe to 'international frameworks' intended to enable secure data sharing. Any third parties transferring your information outside of the EEA must also have in place appropriate safeguards as required under data protection law.

- to **restrict processing** of your information;
- to have your information **erased**;
- to **request access** to your information and information about how we process it;
- to **move, copy or transfer** your information ("*data portability*"); and
- rights relating to **automated decision making**, including profiling.

More information on your data subject rights and how to exercise these rights can be found in the 'Using my information' booklet available at www.volvocars.co.uk/fs or by requesting a copy via email from customerservices@vcfsukcontracthire.co.uk or calling our customer services team on 0800 369 8634.

We may update the data protection statement from time to time. When we change the data protection statement in a material way, a notice will be displayed on our website along with the updated data protection statement.

We encourage you to contact us before making any complaint and we will seek to resolve any issues or concerns you may have. You can also contact our DPO with any data protection concerns.
